

G MADHANKUMAR

WEB DEVELOPER | CYBER SECURITY

Salem, Tamil Nadu, India | info@cybermadhan.in | www.cybermadhan.in

I started exploring technology with curiosity about how computers, networks, and software work behind the scenes, leading me toward Cyber Security. I enjoy developing practical projects, experimenting with AI and emerging technologies, and understanding how systems work from the inside out.

TECHNICAL SKILLS

HTML5, CSS3, JavaScript	Node.js - Basic	Prompt & Context Engineering	MongoDB, Firebase
Python — Basic	Git / GitHub	n8n, AI Agents	VPS & Cloudflare Workers

EXPERIENCE

Yellowmatics.ai — Intern

Feb 2026 - Present

- Contributed to web/software projects, automation workflows, and AI-enabled solutions.
- Collaborated with the team to complete assigned tasks within project timelines.
- Worked with client requirements and contributed to project implementation and debugging.

PROJECTS

Rixcart - E-Commerce Platform

- Built a full-stack e-commerce platform with user/admin workflows, API integration, authentication, automation and payment-related functionality.

Feb 2023 - June 2025

rixcart.com

Rixoffice - Office suite with Native AI

- Contributing to and extending an open-source office-suite project with AI-assisted document editing and multi-format document export.

Aug 2026 - Present

rixoffice.rixcart.com

Rixauth - Multi auth Platform

- Contributing to and extending an open-source authentication project with a web-based interface, social login workflows and passkey authentication.

Sep 2026 - Present

rixauth.rixcart.com

EDUCATION

B.E. Cyber Security

Mahendra Engineering College, Namakkal

Sep 2023 - Sep 2027

Higher Secondary

Sengunthar Mahajana Higher Secondary School

Completed 10th (secondary) and 12th (higher secondary) Education

2020 - 2023

ADDITIONAL INFORMATION

- Languages:** Tamil (Mother tongue), English, Malayalam(Basic)
- Certifications:** Cyber Security Course — IIT Bhubaneswar × Technoook
- Awards/Activities:** Coordinator with 4+ Workshop & Symposium

Nov 2023 - Dec 2023

PROFILES

- 5+ GitHub open-source project contributions with active commits
- Portfolio — Web development, cybersecurity and AI projects
